

**Someone is harvesting suns for fuel.
The killer left a map.
The trail leads home — to Earth.**

When a fleet of seventeen warships arrives demanding the return of their 'Star-Child,' Captain Juno Reyes discovers the truth: they're not invading. They're mourning.

Their sun was sentient — and someone murdered it four hundred years ago. And the killer left a receipt buried in the star's last song.

For fans of Becky Chambers, Douglas Adams, and Ann Leckie.
